

Books references from Jarrod Dahl's The Crooked Knife Presentation October 30, 2021

-*Country Woodcraft*, Drew Langsner

Drew is one of the grandfathers of the greenwood working renaissance. The book has been reprinted by Lost Art Press.

-*Mocotaugan*, Russell Jalbert and Ned Jalbert

This is a fantastic book and arguably the bible on crooked knives. It's not available in bound form but can be downloaded at <https://www.scribd.com/document/35584732/Cameron-Mocotaugan-Book>

-*Bark Canoes and Skin Boats of North America*, Edwin Tappan Adney, Howard Chapelle

Regarded as the bible for bark canoes. Edwin Tappan Adney surveyed and build bark canoes with native builders in the late 1800's. He created over 100 scale models of canoes that now reside at the Mariners Museum in Newport News, Virginia. He was a fascinating man. The biography *The Art and Obsession of Tappan Adney*, John Jennings is well worth reading.

-*Making the Attikamek Snowshoe*, Henri Vaillancourt

Another fantastic book on Native the handcraft focusing on snowshoes. This book may not be available but it is listed on the Authors website. [http:// www.birchbarkcanoe.net/books.htm](http://www.birchbarkcanoe.net/books.htm)
